Cowtown Bowmen Club Shoot #1 March 13th, 2011

On March 13th, we had our first club shoot on Sunday, March 13th, 2011 and had a turnout of 50 scorecards turned in. The weather was wonderful and the shoot was set up very nice. We would like to also acknowledge that this course was configured and work party to set up, was led by our very own Jake Crawford. Thank you Jake for stepping up and taking charge.

Club History

Cowtown Bowmen Archery Club was founded on October 11, 1961. From our roots of 27 original charter members, who started this club, to our current membership, we have seen many years of archery. From the early days without a range and roving shoots at member's homes, to our new range near Lake Worth, we have endured and grown.

Today, Cowtown Bowmen is strong as ever and welcomes all archers, or would be archers, to come out, make some new friends and join our club. We promise you will be hard pressed to find a more helpful bunch of folks. Our shooting events offer real life situations and our new practice range is the envy of many.

At the club's monthly meeting on March 17th, 2011, we had the pleasure to meet with Glenn Salsman, our Cowtown Bowmen website Webmaster. He and his wife, Celeste, have taken on the task of maintaining our website and helping us make it a more advantageous site for our club. Some of the improvements you will soon see on the site will be more photos of our events, under the "about us" section a brief history of the club as well as links to the latest Club Cowpatty newsletters. You will also be able to see all of the scores from our events on the scores tab.

Please take a minute to stop by the updated site and let us know what you think. Thanks again to Glenn and Celeste for taking on this task.
