## COWTOWN CLUB SHOOT #2

On May 1<sup>st</sup>, 2011, we held our Cowtown Club Shoot #2. Mother Nature has not been too kind to the club this year for Club Shoots and this event was just another in the series of bad weather weekends. Fortunately our brave volunteers still went out and set up a great course and their hard work needs to be acknowledged and appreciated. We all thank you for doing the hard work, despite the foul weather.

## COWTOWN BOWMEN CLUB SHOOT #3

This June 18<sup>th</sup>, 2011, Cowtown will hold its Club Shoot #3. This is a Saturday shoot with the work party scheduled on Friday, June 17<sup>th</sup>, starting at 8am. If you can come out to help set up it would be greatly appreciated and you will be able to shoot for free on Saturday. We are hoping for the weather to cooperate and look forward to seeing our Cowtown faithful in attendance to shoot this club shoot.

## WHITE SETTLEMENT YOUTH ARCHERY PROGRAM

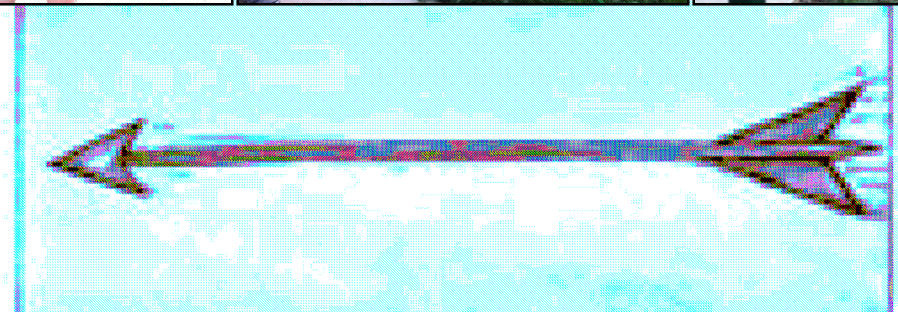

On May 24 we had the White Settlement Youth Archery program students come to the range (ages 6-14). It was looking like storms would hit and we were very fortunate that we only received a few sprinkles from 5-8 during the shoot. Targets were taken down with Tornado sirens blaring in the background. This was a bit un-nerving but there were never any signs of bad weather at the range. We set them a Midway style course to shoot for their final class. We have worked for 8 weeks on form and accuracy using several different types of games to make it fun. This was a combination of those types of exercises with scoring, which also tested their math skills. We had 6 3D targets set from 4yds-12 yds using 10-8-5-0 scoring method. There was a 20 yd long shot challenge, which they were given 3 shots and 2 separate 10 yd bales all using a 10-8-5-0 scoring. With a possible 150 for a perfect score, we had several students achieve scores of 120 or higher. The high score of 133 was posted in a challenge between 2 of the students and 2 of the adults who came to help out. Geoff Klein, Tracy Smith and Carl Ashford came out to help setup and Help with scoring of the young archers. A Special THANKS goes to those individuals; it would have been very hard to pull off without their help. I am grateful to them ALL. This was the 2nd year for the kids to come on the final night. The program has gain popularity and I was asked to teach another 8-week class for June-July. The final class will be at the range and I hope to have better weather and a much larger turnout. I will be asking for volunteers again as it gets closer to the finals.

Todd
